Steel Wobbly

New York, Dec. 12. The stock
market became groggy today on news
of Germany's peace move. United
States Steel sold at 12 1/2, off two
points. Crucible slid down 2 1/2 points,
selling at 40 1/2.

Entire Market Weak.

The entire market was wobbly, with
such great confusion that ticker re-
cords of sales and quotations lagged
far behind the actual transactions.
The war brides felt the force of the
peace announcement of the German
emperor to an even greater extent
than did the standard issues. There
was a scramble of trading in these
stocks, mobs of brokers signalling and
howling orders around the Steel and
Munitions posts.

Market Grows Quieter.

The first flurry excitement was
followed by quieter trading, when the
traders declared their belief that a
peace proposal from Germany at this
time does not mean peace.

Big Hour's Business.

During the first hour 489,000 shares
were sold. This is a big hour's busi-
ness, but by no means a record. On
the curb losses in several of the more
active munitions shares during the first
few minutes amounted to only one or
two points.

The market suffered the second
slump at 2:30 after recoveries had
been made in most stocks.

United States Steel again is leading.

Steel sold at 12 1/2, off 1 1/2.

Prices were at their lowest today.

United States Steel was down 5 1/2, at
11 1/2. Anaconda was down 5, Central
Leather 7 1/2, and American Locomotive
5 1/2.

Stocks were again dumped on the
market in the last few minutes, Steel
selling below 11 1/2; wire orders for the
west were said to have been behind.

At the second selling rush the
2,000,000 shares market was crossed at
2:40. The market closed weak.

Minneapolis Wheat Drops.

Minneapolis, Dec. 12. Wheat drop-
ped four cents on the Minneapolis
market a few minutes after the flash
telling of Germany's peace proposal.

PLY KNIVES IN QUARTER AT STATION

(Special to The Tribune).

Fargo, N. D., Dec. 12. William
Hardy, white, was stabbed three times
in the back in a fight at the Northern
Pacific depot today. Charles Stewart
colored, alleged wielder of the knife,
is under arrest.

Sam Gottlieb, who attempted to
stop the battle, had one hand badly
slashed. Hardy and Stewart are por-
ters who became involved in an argu-
ment over the location of their parcel
wagons at the depot.

TEN YEARS FOR SLAYER; THOUGHT WIFE INSULTED

Devils Lake, N. D., Dec. 12. Ray
Martin, who shot and killed Hank Gil-
bertson for the latter's alleged insults
to his former sweetheart, Ina McCul-
lough, a three weeks' bride of the
slayer, was found guilty at 11:30 to-
day of second degree murder and was
sentenced to ten years in the state
penitentiary.

Self defense was Martin's plea.

FARMERS ASSIST IN FOOD PROBLE

Chicago, Dec. 12.—One hundred
farmers from Illinois, Indiana and
Wisconsin have been summoned be-
fore the federal grand jury to assist
in the investigation into the high cost
of food. With them were called 500
Chicago retail grocers. All retail
sources handling food will be investi-
gated.

SUPREME COURT RESUMES EVEN IF NOIR OF WAY

Tribunal Is Grinding Away on
Cases Today as No Nothing
Had Ever Happened

JUSTICES WILL NOT ALSO ON

JOB IF THEY ARE NEEDED

WILL SEEK TO HOLD

UP JUDGES' SALARIES

Fargo, N. D., Dec. 12. Notices
will be served on State Auditor
Carl Jorgenson and State Treas-
urer John Steen warning them
against paying salaries for the
month of December to retiring
Justices Fisk, Burke and Goss.

William Lemke, attorney for Jus-
tices-elect Robinson, Grace and
Birdzell, announced today.

At the same time, the three jus-
tices-elect, ignoring the decision
of the provisional court, handed
down yesterday, will present
vouchers for a month's service on
the supreme bench and will de-
mand that the same be paid.

This proceeding will, it is be-
lieved, throw the entire issue into
the courts once more, through
mandamus proceedings directed
against the state auditor and
state treasurer, and fathered by
either trio of justices which may
fail to get its pay. By the time
this action can be returned, the
new justices will, it is claimed,
have taken their seats, and when
the case reaches the supreme
court, they will constitute a
majority there.

North Dakota's original supreme
court, declared by the provisional su-
preme court to be the state's only leg-
ally qualified supreme court until
January 1, 1917, has resumed the even-
ing of its way and today is busily
grinding away on opinions in cases
which have been argued.

The old supreme court evidently an-
ticipates no further trouble. It has
quite a lot of business to close up
before the end of the year, and it is
going ahead with it, just as though
nothing had ever happened.

Robinson Still Here.

Of the justices-elect, only James E.
Robinson remains in the city. Grace
and Birdzell returned to their respec-
tive homes last week and were not in
Bismarck when the decision of the
provisional supreme court was handed
down. Judge-elect Robinson stated
today that so long as the retiring
members persisted in hanging on to
their jobs until the first of the year,
no doubt they would be permitted to
do so, but that a day of reckoning
looms up in the not too distant future.

Lemke Talks.

William Lemke, of Fargo, speaking
for the justices-elect, stated last eve-
ning that the decision of the provi-
sional court would not be accepted or
given consideration by the justices-
elect. "They have refused to recog-
nize the provisional court, and there-
fore probably will not accept the de-
cision," said Mr. Lemke.

"Undoubtedly any proceedings be-
fore the retiring justices will be sub-
jected to review by the new court
when the latter is given final posses-
sion of its prerogatives. As for salary
payments, we believe state officers
handling pay-envelopes will use their
own discretion in this matter and that
they will accept the contention of the
justices-elect that they, rather than
the outgoing judges, constitute the
supreme court of North Dakota."

Control of Pig Industry Fast

(Editor's Note: This is another
in a series of stories by Corres-
pondent Burton, in which he is
trying to find out the reasons for
the present skyrocketing of meat
prices in America, and what re-
medies there are for this, if any.
This article, and those following,
take up and examine the meat
situation in the United States to-
day more thoroughly and accu-
rately than it has ever been done
before.)

By H. P. BURTON.

Chicago, Dec. 12. The "breeders"
and "feeders" of live stock in this
country constitute what are techni-
cally known as the "live stock in-
terests," and a great proportion of them
are directly or indirectly affiliated
with a huge but rather loose organi-
zation called "The American National
Live Stock Association." Its presi-
dent is Dwight B. Heard of Phoenix,
Ariz., and its other officers are drawn
from the great and little ranches that
range from Texas to Wyoming and
from California to Illinois. They are
absolutely united in their contention
that only a government investigation
of proportion and purpose, instituted
and carried to an effective climax can
straighten out the meat problem for
the American people.

The occasion chosen for the putting
forward of their viewpoint lies in the
recent introduction into congress of a
resolution—by Congressman Borland
of Missouri, asking some such official
action.

The strategic question, above all
those relating to increase costs of
feed, land, labor, etc., that is in the
mind of the producer, as elicited by
hearings on this resolution seems to be
this:

Controlled Market.

Is it mainly due to a controlled
market that the price of beef on
the hoof is subject to such con-
stant fluctuations, resulting in
great breaks and losses for the
producers; and are these fluctu-
ations largely controlled and ma-
nipulated by the packers and not
altogether the natural ones fol-
lowing the normal changes in sup-
ply and demand? And if so, how
can this be remedied?

This condition namely that of a
"controlled" market if it exists, is
absolutely fatal to his business from
the standpoint of the producer, and im-
mediately explains his lassitude, in-
asmuch as he must at all times be
reasonably certain of the price his
product will bring, and especially so
of late years with costs of production
all steadily rising.

Live Product.

The man who sells cattle for a liv-
ing, it will be seen, deals in a very
precarious product. He is not trad-
ing in some static, manufactured ar-
ticle like nails or buzz-saws or phono-
graphs some object not subject to
rapid deterioration. Instead he is
dealing in a live product, a thing that
must be disposed of at the very mo-
ment it is ready for market. It must
be shipped exactly at the moment it
is "finished," and before it has con-
sumed its weight in feed costs; it
must needs be sold the moment it
reaches its destination at one of the
big live stock centers for it will soon
eat its head off, destroying all pos-
sible chances of profit. In addition,
while in transit, meat animals are
subject to loss in weight, to possible
injury or even death, in addition to
various other sorts of waste, all of
which militate sharply against the
pocketbook of the producer.

Such contingencies are bound to be
fraught with more or less tragedy,
of course, for the man who is selling.
On the other hand, they are "pie" for
the man who is buying, especially if
the latter should happen to be buying
largely in "bulk" with other buy-
ers. The men who buy in this case
are the big packers with home offices
in Chicago. They are known to have
especially good business heads, be-
cause they are all of them rich be-
yond the dreams of avarice. There-
fore one is more or less tempted to
give pause before the cry of the pro-
ducers to the effect that it is not that
they take exception to the packers
taking advantage of the legitimate
"pie" in this game, but that what they
do object to is that in buying cattle
the packers take "pie" where there
was really no legitimate "pie" in sight
at all!

The packers, they go on to charge,
are expert multipliers of "pie" first,
last and all the time, and they have
announced that they are heartily tired
and sick of watching the antics of
these "overfed little Jack Horners,"

British Arc Made as to Peace Terms

Foreign Office Will Make No

RELIEVED GERMAN WINTER
CAMPAIGN ONLY STARTED

Teutons Equipped With Snow-
shoes, Wagons and Revised
Plans

London, Dec. 12. The British for-
eign office this afternoon will make
no statement regarding Germany's
peace proposal until the terms propo-
sed from Berlin are officially known
and the powers of the allies have been
consulted.

With the German army at Buchar-
est, which is Field Marshall von Mac-
kensens' headquarters now, Ger-
many's campaign is only started.
Every German soldier is fitted out
with snow-shoes, wagons and revised
transfer sleds for the winter cam-
paign.

Favored by ideal weather, the for-
ces of Mackensen and von Falkenhayn
have acquired such a momentum
since the fall of Bucharest that they
are able to swing further into Ru-
mania. By the fall of Bucharest they
are able to swing masses of artillery
in all directions with a clear line of
communication. The complete demor-
talization of the Rumanian forces is
said to have permitted Mackensen's
forces to advance with small losses.

As General von Kluck declared in
an interview with the United Press,
"one cannot postpone the opportunity
to fight, if he expects to win the bat-
tle, and General Mackensen is work-
ing on this theory."

Operations north of Macedonia
have been hindered by snowfall. The
allied forces have taken small Bulgar-
ian towns on the right bank of the
Vardar.

No Comment.

"No comment at this time" was the
first word sent out from the White
House after Secretary Tumulty read
the United Press dispatches rela-
tive to Germany's peace proposals to
the White House officials.

He would not say whether this
meant that anything would be given
out later. Copy of the United Press
dispatches were rushed to the White
House by special messenger. Sec-
retary Tumulty read them and rushed
to President Wilson.

When the German ambassador,
Count von Bernstorff, received the
wordless message from Berlin inform-
ing him of Germany's peace propos-
als, he sent word to the newspaper
correspondents that he would have an
interview later.

The district term of court for Bur-

hearing on petition for naturalization
commencing at 10 o'clock. About 11
petitions have been filed with the
clerk of the court. At 2 o'clock to-

The first criminal case on the cal-
endar to be tried will be that of the
state against Frank Johnson, a garage
man at Regan, N. D., who is charged
with a statutory offense, the complain-
ing witness being a school teacher of
that village. Johnson is at liberty on
bail bonds.

According to State's Attorney Bernd
the case of the state against F. J. Dur-
ant, charged with attempt to kill with a
dangerous weapon on the opening
day of the hunting season, and the
case of the state against Albert E.
Marquette of Bismarck, charged with
kidnapping the 15-year-old daughter
of Mr. and Mrs. Michael Balzer of this
city, will come up this week.

The calendar for this term of court
was called this morning with an array
of attorneys before the court. A num-

WASHINGTON IN HARK AS TO ANY PROPOSALS

Relieved Germany Ready to Re-

CONGRESS ALL EXCITEMENT

Expressions Heard Everywhere
That Christmas May See Co-

Washington, Dec. 12. Germany's
peace proposals, according to German
embassy officials, will include a sug-
gestion that some territorial arrange-
ment be made and it was rumored
here that the German Empire is ready
to return the boundaries of Europe in
status quo before the war.

It is impossible as yet to get any-
thing official on the terms. It was
hardly credited here, that Germany
would make any definite terms yet un-
til the temper of the belligerents
could be ascertained.

Excitement was at high tide here
today. Hurried conferences were
called. Congress was agog over the
Yuletide prospects for peace. Every-
where there were expressions that
the overtures of Germany would be
met and that a cessation of hostil-
ities might be proclaimed as a "Chris-
tmas benediction for the world."

It is thought Germany will be con-
tent with trade concessions and a re-
cognition of her sphere of influence in
the Balkans and India territorial
considerations may be waived for trade
and colonization privileges.

TEUTONS GIVE FORMAL NOTICE INVITING ENEMY TO CONSIDER PROPOSALS TO END STRUGGLE

United States, Spain and Switzerland,
Neutrals Selected to Take Peace
Message to Capital of Bel-
ligerents Nations

CHANCELLOR OF GERMANY HANDS
DOCUMENTS TO VARIOUS MINISTERS

Berlin, Dec. 12. Germany and her allies have made a pro-
posal to enter into peace negotiations. Proposals that Germany
and her allies enter peace negotiations at once were contained in
notes handed to representative of nations who are caring for the
state matters of belligerent nations in Germany.

CALLS REPRESENTATIVES

Chancellor Bethmann Hollweg called representatives of
United States, Spain and Switzerland to his office and handed
them the note. The full text of the note is to be read to the
Reichstag today.

ASKS THEIR ASSISTANCE

The Chancellor asked the neutral nations which represent
the entente powers in Berlin and at all capitals of Central Powers
to bring to the attention of the Allies these proposals.

NOTIFIES TROOPS

Kaiser Wilhelm notified the troops in the field of the peace
proposals. The message said:

"Soldiers in agreement with sovereigns of my allies and with
consciousness of victory, I have made an offer of peace to the
enemy."

Direct Overture.

By handing the note to repre-
sentatives of the United States, Spain and
Switzerland, Germany really trans-
mitted it directly to enemy countries.
Under existing conditions, this is the
only possible course of diplomatic ex-
change between the Central Powers
and the Entente. Diplomatic repre-
sentatives of America, Spain and
Switzerland forwarded the note hand-
ed them by Hollweg to their respec-
tive capitals.

The foreign office of each nation
will transmit the text to the repre-
sentatives of the Entente Powers sta-
tioned at the various neutral capitals.

Same Procedure.

In case of peace proposals, the
same procedure will be followed.
Should the belligerent nations see fit
to reply, the answers will be handled
the same as Germany's tenders.

England, for instance, probably will
give the representatives of America,
Switzerland and Spain identical notes,
detailing the response to Germany's
proposals.

These would be dispatched to Unit-
ed States, Spain and Switzerland
through diplomatic channels and hand-
ed to Germany by the representatives
of those nations at Berlin.

Chancellor Hollweg's announcement
of Germany proposing peace was
couched in the following words to the
Reichstag:

"Conscious of their responsibility
before God and before their own na-
tion, and before humanity, it is pro-
posed this morning that hostile pow-
ers plan for peace."

TO SPEAK THURSDAY.

London, Dec. 12. Lloyd George will
deliver his first speech as prime min-
ister in the house of commons Thurs-
day. It is thought that he will dis-
cuss the peace proposals.

WASHINGTON THINKS SO.

Washington, Dec. 12. Premier
Lloyd George will discuss German
peace proposals in an address to the
house of commons. This is the view
expressed here by British embassy
officials.

RUSSIANS ARE
DRIVEN FROM
SOUTHERN PLAINS

Berlin, Dec. 12. (Official). Enemy
attacks on the Smolensk and the Mo-
gilev sectors of the Transylvanian
mountains have been repulsed. In the
Trotus sector, the enemy has made
several unsuccessful attacks against
several heights. North of Sults, the
Russians have been driven from the
heights which have been in their pos-
session. Every day with desperate
attempts the entente troops, especial-
ly the Bulgarians, storm against the Ger-
man Bulgarian positions or both
flanks of the Cerna. Yesterday they
suffered a sanguinary defeat.

Amsterdam, Dec. 12.—Sixteen Bel-
gians were killed in a riot at Turco-
ing due to the deportation order of
the Germans. A German soldier
struck a Belgian with the butt of a
gun and was attacked by a crowd of

charge of the deportation responded
with a volley, killing 16 and wounding
several others. Fifty Belgians were

What do the greatest artists think of it?

In your selection of a musical instrument, the opinions of the world's greatest artists are of inestimable value to you.

They know music. They are the recognized authorities. And when they say the Victrola reproduces their art absolutely true to life, you can depend upon their knowledge and endorsement. But they go still further. So great is their confidence in the fidelity of the Victrola that they make records for the Victrola exclusively.

REMAINETH FOREVER REMORSE.
A score of reasons, causes or ex-
cuses for the defeat of John Burke
for United States Senator have been
advanced in the past few weeks in
political circles over the state. Pos-
sibly this has been occasioned by the
rumor that Burke is mentioned as a
candidate for a position on the fed-
eral bench, and the fact of his defeat
is pointed to, by his friends, as his
unfortunate for Democracy, and by his
enemies as showing that he is a
much over-estimated man.

Somewhere Kipling has written
these lines, which seem to us to be
applicable to the situation:
"If we fall in the race, though we
win, the hoofbeats are scared on
the course."

"Though Allah and Earth pardon sin,
remaineth forever Remorse."
Our friend Burke having not only
had the misfortune to fall in the race,
added to that misfortune a failure to
win, his misfortune is a condition of
double remorse.

It is evident to the most unsophis-
ticated that Burke fell in the race.
The "hoofbeats" are still too plainly evi-
dent on the "course" to permit of
denial or refutation. He returned to
the state from his cozy berth as United
States treasurer, and entered the
race for United States Senator. In
doing so he repudiated the progres-
sive wing of his own party, ignored
the ticket of his own party, accepted
the benefits, without protest, that
seemed likely to accrue to him from
the insults and humiliations heaped
upon his old friends and supporters,
surrounded himself with the patron-
age wing of his own party and thus
alienated the support of progressives
in both old parties, pretends to search
for the cause of his defeat and his re-
morse.

Unheeded before, as a progressive,
he has been humbled by P. J. Mc-
Cumber, who has never lacked the
courage of his convictions to declare
himself a conservative. How could it
happen that Burke, once the idol of
the state, and the state itself pro-
gressive, can be defeated by over
16,000 plurality?

The lack of three things in this
campaign defeated him. These were:
Courage, fair dealing and sincerity.
He feared to offend the Non-partisan
league, hence he ignored and refused
to mention the Democratic state tick-
et in any of his campaign speeches.
In that he convicted himself in the
eyes of the voters of lack of courage.
He proclaimed himself a progressive,
of the Wilson type, and associated
himself with Democrats in the state
who were the anti-type of that, thus
proclaiming his lack of fair dealing.
He spoke as a progressive, as an un-
der of wrongs, and yet preserved a
grim silence when his own old-time
friends and supporters were being gib-
beted before his eyes and refused to
lift a finger to repair the wrong done
them. Who could believe his sincer-
ity after that?

These things Burke must know. He
has never acknowledged them to men,
but within him there must exist a con-
sciousness of his fall. The hoof-
beats on the course will not be wiped
away by many summers' rain or win-
ters' snow. He may strive to hide it
from himself, but the progressives of
North Dakota know it and talk of it.
He may reinstate himself in their con-
fidence some day, for Allah and
Earth pardon sin, yet for him "Re-
maineth forever Remorse."

Admitted that members of our
trade are seldom blessed with an ex-
cess of worldly goods, we still deplore
the tragic dejection with which the
St. Louis Post-Dispatch captions the
picture of a recent bride: "Girl Who
Married a Newspaper Man."

Anyhow, old Carranza can capture
towns after Villa has cleaned them
out.

GRAND OPERA.

Chorus of 5,000 seldom enjoy the
privileges of Grand Opera. It is a
herculean task to organize for such
an event in a city ten times the size
of Bismarck.

But Bismarck has a reputation from
coast to coast of being one of the best
show towns on the circuit. There is
no reason why grand opera should
not receive the same response as other
attractions.

How a city supports such attrac-
tions is a measure of its appreciation
of the better things in art. Bismarck
is to hear the same company that will
play at Washington, D. C., during its
annual week.

The program which has been ar-
ranged is varied enough to suit the
most exacting. "Lucia," "Aida" and
the double bill for the matinee, "Cav-
alleria Rusticana" and "Pagliacci" are
favorites the world over.

Bismarck and vicinity should give
these attractions their hearty support
and make possible the presentation
here of three or four musical attrac-
tions each year.

"Experience," produced at the Aud-
itorium last evening, is a morality
drama nicely divided into ten capsules.
Most of them, however, are sugar-
coated. While not as subtle in dia-
logue as "Everywoman," it has the
punch of melodrama and is written in
the vernacular of the street. It is bet-
ter than most imitations.

Purshkevitch, Patrick Henry of the
Duma, roared the government brown
and is still alive. This is significant,
but the biggest sign of Russian prog-
ress is the fact that Russian editors
who published his speech are not yet
on the way to Siberia.

Lord Northcliffe is press agent ex-
traordinary to the British Empire.
His interview on what Lloyd George's
appointment means to the United
States is a subtle appeal to national
prejudices.

Secretary Lane recommends with-
drawal from entry of 131,000 acres of
supposed old lands in Utah and Colo-
rado. Fine conservation, Franklyn,
but it's no excuse for that California
grab.

Lloyd-George took a chill after re-
organizing the cabinet. But the de-
velopments of the last few days
would put gooseflesh on the back of
the bravest Briton.

Feminism has so gripped Alaska
that an Alaska gent may not beat
his wife often more than eight times daily
without running serious risk of di-
vorce.

A World reporter has interviewed
Villa: President Wilson should or-
ganize a squad of lynx-eyed journal-
ists to get the bandit.

This raise of gasoline prices sim-
ply results from fool editors advising
old Rockefeller to do his Christmas
shopping early.

The mayor of Tacoma busted the
bread extortion by threatening to es-
tablish a municipal bread counter in
the city hall.

Dr. Robertson, who fed a diet squad
on forty cents a day, is needed in the
war zone at once. His system beats
food tickets.

Congress is never happy unless in
vestigating. It keeps the members
busy and is the least damaging of all
legislative activities.

Cheer up, England! Washington
naval experts say that Germany can't
starve you, but they never get any-
thing right.

Villa has carried off 40 of Chihuahua's
most beautiful society girls.
The man's gone plumb crazy.

Corncob pipes are going up in price.
They're eating corncocks somewhere,
probably.

There are a lot of married men who
swear off smoking just before Christ-
mas.

HIS COSTUME INCOMPLETE.
The patriarchal beard and long,
hoary hair of Justice-elect J. E. Rob-
inson make him a conspicuous figure
wherever he goes. There was some
excuse, therefore, for the mistake
made yesterday when the little daugh-
ter of a prominent Bismarck business-
woman ran up to the jurist in the
dining room of the Grand Pacific ho-
tel, and cried:
"Oh Santa Claus, what have you done
with your red suit?"

WILL-IT IS THE MOON-IT
with a child who is run-down, has pale
cheeks or thin blood, who will hesitate
to give that child the very thing it needs
to start it growing and keep it going?
For over forty years the concentrated
liquid food in Scott's Emulsion has
been changing thinness to plumpness,
changing poor blood to rich blood.
There is nothing better for growing
children whether they are weak or
well than Scott's Emulsion, but see
that you get the genuine Scott's.

**LEAGUE MAY III
-EQUITY SHARE IN
HIS STATE PLAN**

**Peace Declared at Joint Meeting
of Battle Chiefs in Fargo
Yesterday**

**PURCHASE OF GATE CITY
SITE HERE UP FOR TIME**

Fargo, N. D., Dec. 12. Peace was
made at a joint meeting of the Equi-
ty Packing Plant company and Non-
partisan league chiefs here last evening,
which may result in the abandon-
ment of the Equity's plans for a pack-
ing plant here, in return for which
favor the league will let the Equity in
on its proposed state-owned packing
plant, to be located at some central
point convenient to the stock-raising
regions of the state.

Yesterday's conference resulted in
the appointment of a joint committee,
which will endeavor to work out the
problems now confronting the league
and the Equity, whose harmonious re-
lations have been considerably jarred
by the packing plant incident. It is
announced in local Non-partisan cir-
cles that this committee probably will
confer with members of the Fifteenth
legislative assembly and the new ad-
ministration with a view to devising
some plan whereby the Equity can
have a look-in on the state plant.

Purchase of Site Dropped.
The proposed purchase of a site for
the Equity packing plant in Fargo
has been dropped, for the present at
least. The Commercial club commit-
tee, which had in charge the negotia-
tions for a 200-acre tract on the Shey-
enne river, agreed after a conference
with the League-Equity chiefs yester-
day that it would be well to defer
any action in the present unsettled
state of affairs.

What to Do With the Fund.
What to do with the funds received
in exchange for Equity packing plant
stock is another puzzle. The agree-
ment was said, a week or so ago, to be
in the neighborhood of \$200,000. Pres-
ident Casey of the Equity Packing
Plant company suggests that "the
funds pledged to the Equity plant can
be utilized in such a way that the
operation will be under the supervi-
sion of the state and that its opera-
tion later can be taken over by the
state when the legislature and the
people of the state so decide."

To Look Over Sites.
It is anticipated that before the
legislature convenes, the joint com-
mittee on a state-owned packing plant
will look over sites which have been
under consideration for some time at
Minot, Mandan, Bismarck and other
central points.

ADDITION TO POLICE FORCE

An addition to the Bismarck police
department was reported Sunday
morning. As yet no "beat" has been
assigned.

Word from the Bismarck hospital
announces the birth of a baby boy to
Mr. and Mrs. Charles Downing. Mr.
Downing is chief of police.

REPORT SEEING TWO LIONS

**Two Beasts Said to be Terrorizing
Deer in Timber Region Four Miles
South of City.**

Two mountain lions have been seen
in the timber four miles south of Bis-
marck and have been terrorizing deer
in that vicinity, according to reports
brought to this city today. It is be-
lieved that the animals came into the
state from Montana. One deer was
found dead in that part of the valley
recently and it is believed that it
was the prey of the lions.

POISONED BY THOUSANDS!

(By L. H. Smith, M. D.)
The victims of auto-intoxication are
many thousands every day. By reason
of the toxins, or poisons, bred in the
intestines, these poisonous bac-
teria are sent all through the blood
channels and the victim feels tired,
sleepy and headachy, or the brain
doesn't work as usual. The best treat-
ment for this is to drink hot water
before breakfast plenty of water all
day and procure a supply of Dr.
Pierce's Pleasant Pellets, made of
Mayapple, leaves of aloes, etc., with
no cayenne, entirely vegetable, which
can be obtained at drug stores for 25
cents.

Equally important is it to cleanse
kidneys and bladder, and drinking
plentifully of pure water will cleanse
them to a certain extent. Then ob-
tain at the drug store a little Anuric,
which was first discovered by Dr.
Pierce of Surgical Institute in Buffalo.
Anuric should be taken before meals.
It is many times more potent than
lithia in throwing off the poisonous
accumulations of uric acid.

Dr. Weir Mitchell once said:
"What we call diseases are only sym-
ptoms of conditions. Allow the man's
vitality to be reduced to a certain
point, and he is ripe for any of these
weaknesses, or certain conditions
which we call disease."
Through failure of kidneys to act,
through congestion, inflammation, any
person's condition is ripe for disease
to fasten its hold upon the system.
Anuric has been tested for the past
few years for kidney, bladder, uric
acid troubles, rheumatism, gout, and
such ailments as follow, and so many
cases, both acute and stubborn, have
yielded to this wonderful remedy that
I do not hesitate to recommend it.

Create "Pie"

A. E. de Riegles, one of the leading
live stock producers of the country,
in a statement before the congress-
ional committee, says that it is pos-
sible for the packers to create "pie"
mainly through their ownership of
the stock yards, not to mention their
ownership or domination of refrigerat-
ing plant, refrigerator cars, railway
terminals themselves! He states:

"The first thing that one meets in
looking into this subject is the fact
that the ownership of practically all
the stockyard companies, all the
big packing houses, the cattle-lan-
guage companies, stockyard banks, render-
ing works, and similar institutions
found at stockyards are what estab-
lished the price of live stock in the
United States, it follows quite natu-
rally that these few individuals who
own these institutions are in position
to control. For a number of years
these individuals Armour, Swift,
Morris, Cudahy were satisfied with
the packing house business and limit-
ed their operations to slaughtering
and selling meat animals and their
products; however, within the past
dozen years they have been acquiring
the stockyard companies, establishing
cattle-lan language companies, and other
enterprises, that, as a matter of
fact, are distinct and separate from
the slaughtering business. They own
stockyards at Kansas City, South Omaha,
St. Louis, St. Joseph, Sioux City,
St. Paul, Oklahoma, Fort Worth,
Portland and Denver.

"It seems reasonable that the com-
pany buying your product on the open
market should not be the owner of the
facilities you use to prepare the same
for its purchase, or that the man who
sells your product should not be in-
debted and under obligations to the
man who buys it, or that a stockman
who borrows money should not bor-
row money for feeding from the man
he must sell to, for the commission
merchant must be on good terms with
the people who buy from him, and he
fears if he is not friendly with them
that they may discriminate against
him. So he hesitates to object when
things do not go just as they should,
and is therefore not such a good sales-
man for his customer."

gram and other arrangements.

**DEER ABUNDANT; STRAY

TWO MEN INTO TROUBLE**

"Deer are becoming generally abun-
dant in the Missouri river bottoms
and west of the river," announces
William Reko, chief game warden for
the second district, who is in Bis-
marck, attending a meeting of the
state fish and game commission.
"We have just had two convictions
for attempts to bag deer as far over
as Medina. How the deer ever got
that far from home we cannot dis-
cover. They escaped from the hunt-
ers, and we hope are back in the bot-
toms, where there is some protection
for them. Deer have been seen fre-
quently this fall not far from Man-
dan. They seem to be thriving under
protection."

RED TRAIL MAN HERE.

Fred Turner of Dickinson, one of
the fathers of the Red Trail and first
president of the National Parks Trans-
continental Highway association, came
to Bismarck to join the Over-
land limited here. Mr. Turner while
in the east hopes to do some effective
boosting for the Red Trail, which he
believes, with a bridge across the
Missouri, will leave the Yellowstone
trail so far in the shade that there
will be no comparison.

From "the land where dreams be-
gin" to the seemingly distant past in
"the land where the dreamer awak-
ens," Youth walked and tottered last
night in a strong and stirring exposi-
tion of trials and tribulations to vivify
the eternal lesson in a potent man-
ner that the wages of sin are misery
and degradation.
"Experience" came to Bismarck as
the opening theatrical attraction for
winter season. All Bismarck and a
good share of the surrounding com-
munity saw it. The theater was pack-
ed.

The play depicts Youth, leaving his
home and Love, witnesses a young life
torn down through "the primrose
path," "the corridors of chance" and
"the house of last resort," only to be
saved by a chance miracle a moth-
er's miracle from the grips of crime,
poverty and disillusion.

Youth's steps began to totter when
he met Pleasure in "the street of vac-
illation," when he felt Ambition and
Opportunity for "the primrose path,"
but they remembered how to march
in "the street of forgotten days"
where the dreamer awakens to learn
that Ambition "never dies but only
lies sleeping."

"Experience" is an allegory and to
show this it was necessary, of course
to first make the public easily imagine
the illimitable "ocean" ahead of youth
when he set out with Experience and
Ambition to find "fame and fortune."
Falling Out With Destiny.
It happened that by some "falling
out" with destiny that Youth "shook"
Opportunity for Pleasure, forsook
Ambition and chose "the primrose
path" with Beauty, Pleasure, Wealth,
Intoxication as his bowers. He played
a great game but lost to Chance.

The golden cabaret was only a glamor
and a glitter to the roulette scene in
which Despair shot himself, followed
by the exclamation from Experience,
"Come Youth, Despair has made his
last bet and Death wins as usual."

"Experience" as produced last evening
had plenty of action. Its episodes
gripped. Such settings as "the golden
cabaret" and "the corridors of
chance" were realistic, especially in
the former when Youth chose Intoxi-
cation instead of Passion as the lesser
of the two evils, and again in the lat-
ter, when he played his "roll."

The scenery and the costuming of
the women was not of the gorgeous
kind which characterized "Every-
woman." Some of the settings brought
out uncanny creatures, such as pov-
erty, crime and disillusion.

Bismarck enjoyed "Experience."
The company was strong and capable.
Youth as Conrad Nagel, Love as
Edna Benton, Experience as Edmund
Elton, Pleasure as Lillie Leslie, Beauty
as Peggy O'Keefe, Intoxication as
Alice Palmer, Passion as Louise Gar-
land, played the prominent roles in the
pilgrimage of Youth.

**IRISH WANTS GERMAN
GIRL WHO IS NEUTRAL**

The secret is out.
William Irish announces in a
public interview that he is willing to
capitulate to Dan Cupid, providing
there exists for him in Chicago a Ger-
man girl who's neutral.

"Deutschland uber alles," says
Irish in an interview with the Chica-
go Tribune. "If there's any nice, un-
attached German girl in Chicago, I'm
there."

Irish's classic features adorned a
group of "Agrarian Lochinvar's" fea-
tured by the Chicago Tribune in a big
four-column cut. He was in Chicago
in charge of the North Dakota exhibit
at the International Live Stock ex-
position. The exhibit, he writes, was an
excellent one, and was viewed by 75-
000 people daily. In view of the fact
that the deputy commissioner of agri-
culture and labor is now enroute
home, unaccompanied, it is presumed
that the "nice, unattached German
girl" did not materialize.

**RHEUMATISM MAKES
YOU FEEL OLD**

Pains and Aches Yield to Sloan's Lin-
iment, The Family Friend.
When your joints become stiff, your
circulation poor, and your suffering
makes you irritable, an application of
Sloan's Liniment gives you quick re-
lief. It is a good, old-fashioned, reliable
remedy. It is easier and cleaner to use than mus-
tard plasters or ointments, acts quickly
and does not clog the pores. It does
not stain the skin.
You don't need to rub it pen-
etrates.

Certainly fine for rheumatism, stiff
neck, sciatica, lame back, toothache,
etc.
For sprains, strains, bruises, black
and blue spots, Sloan's Liniment re-
duces the pain and eases the sore-
ness.

Its use is so universal that you'll
consider Sloan's Liniment a friend of
the whole family. Your druggist sells
it in 25c, 50c and \$1.00 bottles.

**State in Best Condition Finan-

The Fifteenth Legislative assembly,
in place of deficits in all the way from
15 to 25 funds, as has usually been
the case, will be asked next month to
remedy vacuums in not more than
three, at the most, and probably in
but one fund. The last assembly
faced deficits in 13 state funds, and
that was low in comparison with
former years, when they frequently ran
as high as 25.

The deficits now existing, and they
are small, can be attributed directly
to the high cost of living. They ex-
ist in funds provided for state institu-
tions where the consumption of pro-
visions is high, and where the in-
crease of 50 to 200 per cent in the
cost of eatables could not be fore-
seen.

The state hospital for the insane,
for instance, feeds 1,200 people daily.
Butter, which the hospital bought for
20 cents two years ago, now costs 35
cents, which could be had for \$5.50 a
dozen the hundred, now costs \$10, and
flour is a considerable item in an in-
stitution where 50 pounds of flour
are required to thicken the gravy for
one meal.

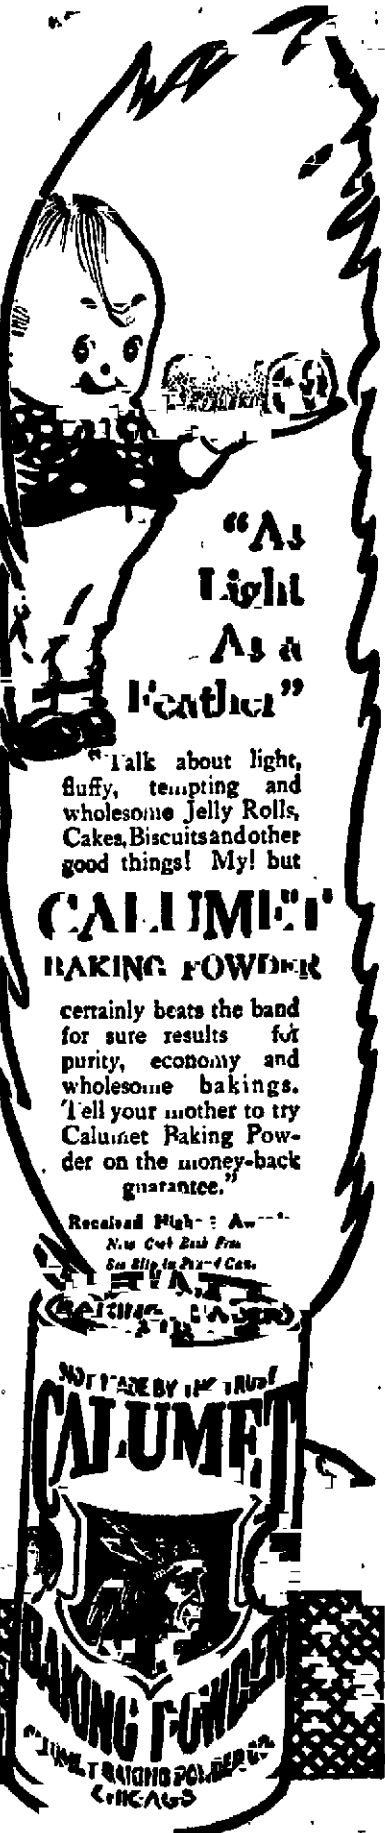

**"The White Flour
Pinch" have you felt
it? With the advancing
price of wheat "the five-cent
loaf is doomed," say the
bakers. In its place we
have the six-cent loaf in
many cities only the ten-
cent loaf. A loaf of white
flour bread is not a complete
ration. However whole-
some and pure, it does not
supply all the proteids
human body needs. In
Shredded Wheat biscuit
you have all the body-build-
ing nutriment in the whole
wheat grain prepared in a
digestible form. It is always
the same price, always the
same high quality. Eat it for

SALVATION ARMY NEEDS CHILDREN'S CLOTHING

As winter advances the demand for children's clothing at the Salvation Army far exceeds the supply and Capt. Murphy is facing a problem of how to cope with the situation. A number of very needy cases has been brought to the attention of the army officers. In an endeavor to meet these demands Capt. Murphy is asking the people of the city to co-operate with him to help alleviate the sufferings of the children. Children's clothing of all kinds will be acceptable. Clothing of adults can also be utilized to advantage in making them over into children's clothes. Anyone wishing to donate articles can communicate with Capt. Murphy who will be glad to call for them.

Members of the Cabinet and Their Wives Dine Tonight

Washington, Dec. 12. The doors of the executive mansion will open tonight for the first event of the White House social season. President and Mrs. Wilson will entertain members of the cabinet and their wives at dinner.

There will be two new cabinet faces about the feast when all are seated in the magnificent state dining room. Mrs. Baker at President's Left. Secretary Baker will be at Mrs. Wilson's left this year instead of former Secretary of War Garrison, and Mrs. Baker will have the position at President Wilson's left, which Mrs. Garrison occupied at previous cabinet dinners during this administration. Secretary of State and Mrs. Lansing will be at the right of Mrs. Wilson and the president respectively.

Other Notable Guests.
With addition of a few specially invited guests there will be present, Secretary and Mrs. Daniels, Attorney General and Mrs. Gregory, Secretary and Mrs. McAdoo, Postmaster General and Mrs. Burleson, Secretary and Mrs. Redfield, Secretary and Mrs. Lane, Secretary and Mrs. Houston, Secretary and Mrs. Wilson.

All engagements on Tuesday. All of the White House social events during the winter are to be held on Tuesday, the Friday engagement of last season being eliminated that the president and Mrs. Wilson may leave for regular week-end trips whenever they desire.

The season begins unusually early, the custom in the past having been to open it after the holidays, or with the New Year's reception, an event which never has been held under the Wilson administration.

FAMOUS ARTIST WITH GRAND OPERA

Mme. Edvige Vaccari, the coloratura soprano of the San Carlo Grand Opera company, will be one of the big attractions for the opening night of the Grand Opera in the Capital City, when she will sing the title role in Lucia di Lammermoor. The great singer will only be heard this one evening, as she only sings twice a week.

The Friday evening performance of this famous work of Donizetti will be one of the big drawing cards of the two-day attraction and it is expected that one of the largest crowds of any of the series will be in attendance.

Mme. Vaccari is the daughter of an Italian marquis. Her father has a castle one of those queer old forts of the middle ages, perched high up on a hill near the city of Turin. Vaccari always liked to sing, even when she was a tiny little tot. When a child she used to listen to the peasants sing as they worked in her father's fields, and she would join in with them.

This morning the seat sale for the three performances went on sale at Finney's drug store. MOVES TO LARGER QUARTERS. The L. C. Smith & Bros. Typewriter Co., who have formerly been located in the Webb block on Broadway, moved Saturday to the basement room under Finney's drug store, entrance on Broadway. The Bismarck branch of the company have built their business to such proportions that larger quarters were necessary. They will occupy their new office alone and will make it an up-to-date typewriter office with public stenographer, expert mechanic, etc.

LEAVES HOSPITAL. Mrs. A. W. Gussner and infant son, who have been in the Bismarck hospital, have returned to their home in this city.

Wrestling Fans To Watch With Interest Result of Big Match Tomorrow Night

Joe Novak, who has been spending the past two weeks in Minneapolis, training for his bout tomorrow night with B. North, wires that he will reach here this evening on the North Coast Limited, that his condition is at its best and that he has every hope of defeating the Minot wizard, who easily took two straight from the Bismarck boy Thanksgiving eve.

Another Good House Assured. That the armory will be given a packing which will equal the house of two weeks ago is assured from the advance sale of tickets, which were placed with several of the clerks in the leading hotels this morning. There was a general request for the ring side tickets and it would not be surprising to see these seats sold out by 5 o'clock tomorrow night.

The promoters of the return match between the Minot and the Bismarck champions arranged the match for a Wednesday night in view of the fact that many barbers and others were unable to see the two men perform two weeks ago because of the show and the barber shops being opened until 10 o'clock that night. The match Wednesday evening will be the last of the season between these two men.

It Means Something to Joe. As every follower of Joe Novak knows, it means something to him. He defeated for the second time by the Minot man, Novak will have to chase himself into a tunnel and remain in the public eye for the balance of the winter, as far as the capital city is concerned.

He wins, he probably will be matched against grapplers from Jamestown and Miles City. With the first defeat staring him in the face, Joe will have to give a good account of himself in his Wednesday night engagement.

North Confident of Winning. North followers are confident that he is going to win the match and are again wagering money on him. There are some who are taking the bets as fast as they can be made, feeling and knowing that Novak was off color two weeks ago and made the poorest showing since he has appeared in wrestling matches in Bismarck. Joe, himself, writes that he was over-confident, that he neglected his training, thinking the Minot boy could be tipped with little difficulty, but stepped onto the mat only to find the tables turned against him. Joe has been training in Cook's gymnasium, one of the celebrated workout resorts in the Twin Cities. North has been doing cross-country runs, besides meeting local men.

Interest has again gripped the wrestling fans of the city. It was first noticeable yesterday, although the match was arranged soon after the bout two weeks ago, when Novak in his room at the Van Horn issued a challenge immediately to meet the winner for the house receipts and to port a \$1000 stake.

Armory to Be Scene of Match. The armory on west Broadway will be the scene of the match. Ringside seats are selling at 75 cents and general admission 50 cents. Anyone who saw the contest of Thanksgiving eve will vouch for the fact that both men are fast on their feet, are evenly matched and give the public every cent's worth of the money spent. Referee Orin W. Roberts will again officiate.

The result will definitely settle whether Joe Novak is a back number and if he's to be relegated to the rear with the many old-timers of the past and to leave the Bismarck hold open to a more promising person in the person of North.

GOLDEN STREAM FOR YOUNG ZULU KID WHO MEETS JIMMY WILDE

If Zulu Wins There Will Be Matches Galore Awaiting the Wop-African

London, Nov. 18. (By Mail) Fortune's hand is on the spigot, ready to turn on a golden stream for Young Zulu Kid, who is scheduled to fight Jimmy Wilde for the world's flyweight championship in London, December 18.

If Zulu can flatten the Tylertown Terror there will be lucrative matches galore awaiting the Brooklyn Wop-African. If he can't turn the trick and takes a header himself, he will return home enriched by several strings of wampum and the enlightenment of a trip aboard.

The conqueror of Jimmy Wilde will find the British boxing public a lavish patron. Just now none of the home-grown partisans believe Zulu or any other flyweight can topple their idol. A draw would open Zulu's way to a campaign of bulky profits and the inevitable return match to a finish with Wilde.

Jimmy insisted on elaborate stipulations for the three-minute round when he signed on the dotted line for the Zulu match.

"I boxed a dub a long time ago," he said, "and the timekeeper whopped the old dishpan every two minutes. Every time I had my man on the verge of the big dive, 'bang!' went the dinner gong and he got a rest. Now again for me. Three minutes is just the right space in which to hang on the finishing touch and get in the full count."

The Welsh harp hasn't been boxing much of late. He keeps in condition by a regular course of calisthenic stunts and spars for exercise, however, and does not believe it will be necessary to grind himself into shape for the Zulu fight.

Wilde is a good golfer and spends the annual sunny afternoon on the links near London. He is still waiting to play this year's round.

AUTO RACES WILL BE WON "ROADS"

Ralph De Palma, Eddie Rickenbacher and Chevrolet will manufacture racing cars for their own use during the 1917 season.

The cars are to be built in Detroit and all three men have returned there

Typewriter Service in Rural Communities

The typewriter is coming into more extended use in rural communities because of the assistance it renders to all classes of people. Here are a few examples of the possibilities of service:

The Farmer: Think of the possibilities of selling produce by the means of typewritten letters sent out to customers? Typewritten letters give the sender a business standing with the people who receive them and also enable the keeping of carbon copies of the correspondence, which many times does away with misunderstandings and lawsuits.

The General Store Merchant: More prompt and courteous treatment is likely to be accorded his orders and correspondence with the City jobber and manufacturer if his letters are typewritten.

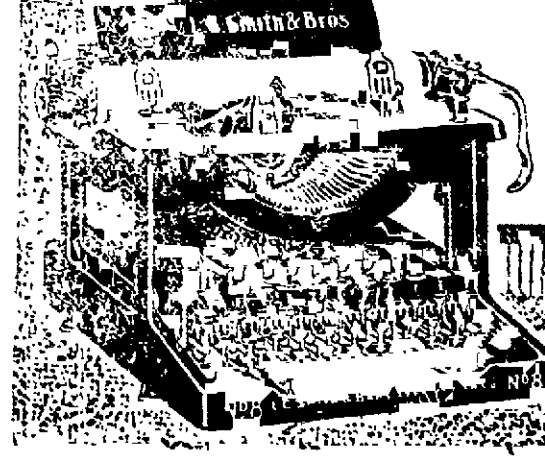

In The Home: The boy or girl who is intending to follow a business career can secure no better start than a knowledge of typewriter operating. Children who learn to use the typewriter learn spelling at the same time. The housewife finds it a great convenience in writing recipes and for general correspondence.

The Minister: No clergyman should be without a typewriter. It is of great assistance in preparing sermons and writing the many letters that a pastor has to write.

SUPREME COURT HAS NO IMPORTANT CASES

Few Matters Remain To Be Decided by Present High Tribunal

No important cases are now awaiting the attention of the supreme court, which is fortunate in view of the quite general doubt existing as to the actual identity of North Dakota's highest tribunal. The actions which have been argued and in which opinions are yet to be written are: Clark vs. Northern Pacific Railway Co., Clark vs. Ellingson, Jackson vs. Sable, Sleeper vs. Elliott, Swallow vs. Bank, State vs. Sogge, Sutherland vs. Noggle, Grams Construction Co. vs. Soo Railway Co., McKenzie vs. City of Mandan, Crowson vs. Soo, Sletter vs. Bank, Blumhart, et al., vs. McDonald, Bank vs. Krach, Semerad vs. Dunn County, Ross vs. Cooper, State ex rel. vs. Pollock, Cole certiorari.

Probably the most important of

GOVERNOR PROCLAIMS NORTH DAKOTA FOR WILSON

No Longer Any Doubt That State Is in the Democratic Column

There's no longer any doubt about North Dakota being in the Democratic column, nationally. Governor Hanna has officially proclaimed the choice of Wilson electors by a majority of the voters who balloted at the recent general election. The official proclamation is required by law, as is a certificate from the governor to Washington telling how the battle went. Both proclamation and certificate pertain only to electors receiving more than 20 per cent of the vote cast. Benson and Hanly, therefore, receive no official recognition from the governor. In the North Dakota ballot battle they very much "also ran."

NORTH DAKOTA STILL HAS MONEY IN BANK

North Dakota still has money in the bank, with only a month of the old year left, and with 1916 taxes payable in a few days. December 1, the state treasurer's report shows, North Dakota's cash in the general fund was \$143,726.16, with all current bills paid, as against \$42,533.39 one year ago, with many accounts held over from as early as August. In all funds, the balance December 1 was \$1,054,847.98, as compared with \$589,896.21 one year ago.

Comparative Statement.

An interesting comparative statement follows:

	1916	1915
Bal. Oct. 31,	\$1,134,613.15	\$547,960.71
Nov. Collec.	314,987.47	355,851.45
Total	\$1,449,600.62	\$903,812.16
Nov. Pay't.	\$444,952.64	\$314,024.95
Bal. Dec. 1	1,004,647.98	589,896.21

General Fund.

	1916	1915
Total	252,138.65	150,013.71
Nov. Pay't.	108,412.49	107,460.32
Bal. Dec. 1	143,726.16	42,553.39

Plenty of money.

There is sufficient money in the general fund to meet all current expenses, payrolls, etc., to the end of the year and leave a tidy balance.

Opera Birds To Light on Zero Roost

Songsters from Italy Might Be Snowbirds Before Taying Their "Nests" Here

NO RAIN IN SIGHT FROM SUBZERO TEMPERATURE

When those southern grand opera songsters alight in this part of the West, next Friday, there is apt to be a fluttering for taxis to convey the tender ones from their "nests" to the Auditorium. "Zee eet eet cold" and other similar notes might be heard from off the stage. And if the heat of weather isn't going to lift the temperature just a little, these grand opera songsters are apt to be snowbirds before they leave the Capital City.

Below Zero Temperatures Reported.

Below temperatures in North Dakota and the Canadian northwest, with

light snowfalls generally over the northwest, are reported from the government observatories this morning.

Bismarck went to "Experience" last night, and on leaving the snug little theatre "experienced" a temperature of 9 degrees below. That was the coldest for the night. This morning the mercury shot up two degrees by 7 o'clock and at noon today. Forecaster Roberts reported another two-degree rise, making the temperature at 12 o'clock just 7 below.

29 Below at Prince Albert.

Way up in the land bordering on the Hudson Bay, Prince Albert, reported a temperature of 22 degrees below zero, the coldest point on the weather map last night. Edmonton was two degrees higher; Swift Current observed 12 below and Winnipeg, 6 sub-zero. These were the cold havens in the Canadian northwest.

Tipping down from the "land of the snows," it was to be observed that Williston was the coldest point in the northwest, reporting 12 below; Moorhead, 4 and Bismarck - 3. San Francisco enjoyed a temperature of 44 last night and Galveston, her rival, for balmy honors, sent out a report of 38.

Colder is the Prediction.

For Bismarck and vicinity and for North Dakota the prediction is "light tonight and Wednesday, with colder tonight." From a low pressure area on the Atlantic coast the pressure increases steadily westward to the Pacific coast and the Canadian northwest. Temperatures are low to the west of the Mississippi.

NEAR HOLIDAY SOUVENIR

First National Bank Giving Memorandum and Ever-Ready Reference Book to Its Patrons.

A leather bound memorandum and ready reference book is a holiday souvenir which the First National bank of Bismarck is giving to its patrons.

The book is especially attractive in design, containing valuable information to the business man, the professional man and the traveler, besides several pages for telephone numbers, monthly and weekly sales. Value of foreign coins, weather signals and population of the leading cities of the country, according to the 1910 census, are some of the bits of information in the book.

Youth, A College Friend of Bismarck Girl Stenographer

Miss Clara Bond, a stenographer in the office of the city engineer, was cuddled in a comfortable seat at "Experience" last evening. In her hand she nonchalantly played with a program.

Like all others, she was interested in knowing the cast. She started to read, but stopped abruptly at the third name. It was Youth. After it she read the name of Conrad Nagle. For a second or more she was ruminant.

"Could it be the Conrad Nagle that was her classmate in Highland Park college, Des Moines, several years ago?" She really believed she knew him, yet she was not certain. Then the curtain went up. The footlights told the story. Yes, it was he.

"I knew him well," said Miss Bond, this morning. "His father was dean of music at the college. His rise in the theatrical world seemed phenomenal. He was gifted in oratory and I think he was graduated from the college. He played in amateur productions in Des Moines, but never carried 'big lines.'"

Miss Bond stated that about two years ago his parents sent him east and that Des Moines papers after that began to print clippings of his successes. She asserted that he was an exceptionally good dancer, but that she never expected to see him in such a high role.

Mr. Nagle, according to Miss Bond, is between 22 and 23 years of age.

KEEP LOOKING YOUNG

It's Easy If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young to do this you must watch your liver and bowels there's no need of having a sallow complexion dark rings under your eyes pimples a bilious look in your face—dull eyes, with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirits, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

loaned on first mortgages secured by farm lands. Most of the loans went to Missouri slope farmers.

The board of university and public school lands also approved yesterday the purchase of bonds to the amount of \$185,000. These included Cass and Traill county drainage bonds, Divide county funding bonds, and a large number of public school and municipal issues. The municipal bonds pay five per cent, as do the farm loans, while all others earn four per cent.

ROSEN'S CLOTHING SHOP

Will There be Real Music in your Home at Christmas?

There is not one so un-musical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

The NEW EDISON Is Not a TALKING MACHINE

This new invention of the world's greatest inventor is in no real sense a talking machine. It represents more than a million dollars spent in research work by Mr. Edison. It represents the achievement of his ambition to produce a musical instrument which recreates all forms of music so perfectly that the original cannot be distinguished from the re-creation. By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings or plays in comparison with the New Edison's re-creation of that artist's performance, it is impossible to distinguish the original from the re-creation. The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

Hear This New Invention

Come in to our store and let us give you a concert of re-created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.
